I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I
OBJECT to the definition of "inordinate amount" which restricts the availability and
the right to obtain necessary compounded medications by limiting the number of
prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

Comments: As a person who is dependent on
a compounded medication, I cannot believe
the FDA would restrict people from
this choice. Many people depend on
medications from another state because
it is their only resource. Please do not
do this!
